Dr. Graham Wilson

Dr Graham Wilson has worked for 17 years with organizational leaders, and their people, helping them create a vision of what their world could be like and to achieve it. He believes in the enormous potential of people and loves to see them discover and tap into this throughout their life. A futurist and strategist, his work originated in organization development, was shaped by a PhD in behavioral science, and training as a psychotherapist, sports coach, and minister. Chaplain to QinetiQ; leadership mentor to the Stockholm Environment Institute, Oxford; author of eight books and many essays.
